

# CORING SYSTEMS

ITEM DESCRIPTION	PART NUMBER
<p><b>Arrestor</b> : Prevents the core barrel from dropping through the borehole.</p> <p>Mark II, III, and Mark VI (7.25, 9 cm)</p> <p>Mark V (14 cm)</p>	<p>COS-730-001</p> <p>COS-730-002</p>
<p><b>Coring Systems :</b></p> <p>Mark II (9 cm X 1 meter)</p> <p>Mark III (7.25 cm X 1 meter)</p> <p>Mark V (14 cm X 1 meter)</p> <p>Mark VI (9 cm X 1.5 meters)</p>	<p>COS-710-001</p> <p>COS-710-002</p> <p>COS-710-003</p> <p>COS-710-004</p>
<p><b>Electric Drill</b> : Used to power the core systems.</p>	<p>COS-610-001</p>
<p><b>Electric Drill Adaptor</b> : Connects the drill to Core System.</p>	<p>COS-110-002</p>
<p><b>Engine Drives :</b></p> <p>2-Stroke (uses oil and gas mixture)</p> <p>4-Stroke (uses oil and gas separately)</p>	<p>COS-650-001</p> <p>COS-660-001</p>
<p><b>Engine Adaptor</b> : Connects the engine to Core System.</p>	<p>COS-110-005</p>
<p><b>Field Case</b> : Organizes and protects Extension Rods during shipping and storage.</p>	<p>COS-903-006</p>
<p><b>Extension Rod</b> : 1 Meter Rod that extends the depth the coring barrel can reach.</p>	<p>COS-720-001</p>
<p><b>Kyne SideWinder Hoist System</b> : System includes : winch, frame, winch rod, drill, 25 meters of rope, and shipping box.</p>	<p>COS-740-001</p>
