

MECHANICAL DRILLING

ITEM DESCRIPTION

PART NUMBER

Auger : (1/2 meter)

MDS-210-002

Auger : (1 meter)

MDS-210-001

Bit : Standard

MDS-310-001

Bit : High Strength

MDS-320-001

Replacement Blades : For High Strength Bit.

MDS-321-001

Electric Drill : Used to power the Augers.

MDS-610-001

Electric Drill Adaptor : Connects the drill to the Auger.

MDS-110-001

Engine Drives :

2 Stroke (uses oil and gas mixture)

MDS-650-001

4 Stroke (uses oil and gas separately)

MDS-660-001

Engine Drive Adaptor : Connects the engine to the Auger.

MDS-110-006

Handbrace : Required for manual operation of the Auger.

MDS-500-001

Ice Thickness Kit With Standard Bit :

IMS-410-001

Ice Thickness Kit With High Strength Bit :

IMS-410-002

Field Case : Organizes and protects Augers during shipping and storage.

MDS-903-001

THERMAL DRILL

Thermal Drill System

TDS-800-001
